

## **TPA Romania concludes 2021 with double digit growth and expands Partner team**

The well-known tax, accounting, audit and advisory firm TPA Romania reported a strong growth in its business of 10% in 2021. With a total turnover in excess of 6.5 million euros and over 160 employees working from its offices in Bucharest and Cluj, TPA Romania consolidated its position as one of the top 7 professional services firms in Romania in 2021.

“We achieved this success by responding judiciously to the difficult labour market conditions in Romania and adapting to a hybrid work model (alternating between working from home and working in the office). Together with our clients, we identified specific advantages among the accelerated changes forced on our industry as a result of the pandemic. Digitalisation and an increased shift to high-level advisory will also remain high on our agenda for 2022,” explains Jan Glas, Managing Partner at TPA Romania.

TPA Romania also announced it would be strengthening its ranks by promoting Claudia Bratu to the position of Partner in the Audit and Advisory department at the firm’s Bucharest office, effective as of 1 January 2022. Claudia Bratu joined the firm in 2006 and proceeded to build up an impressive portfolio of audit related assignments in a long list of industries including construction, agriculture, logistics, business process outsourcing, distribution, manufacturing and pharma. She is ACCA qualified and a member of the Romanian Chamber of Financial Auditors.

“I congratulate Claudia Bratu on achieving this important milestone in her career. Since joining our team, Claudia demonstrated passion and enthusiasm for assurance services and became an outstanding contributor, while also showing dedication to her colleagues and clients and maintaining a focus on the qualities that make TPA Romania stand out,” says Cristina Petrescu, Audit and Advisory Partner at TPA Romania.

“Together with Claudia Bratu, TPA Romania now has 11 Partners between its offices in Bucharest and Cluj. I am very proud that we were able to promote a new Partner from within our existing talent pool. It demonstrates our continued commitment to offering development opportunities to our colleagues whenever the occasion arises,” added Jan Glas.
